

# Climate Conversations

How will climate change affect Albany?

What can the City do to protect its citizens, buildings, roads, and water supply?

How can residents and businesses help?

The Mayor's Office of Energy and Sustainability invites you to enjoy light refreshments while you participate in a conversation about climate change as we prepare the City's first Climate Change Adaptation Plan as part of Albany 2030.

## Attend a climate conversation:

- **Tuesday 6/28, 6-8 pm** Albany Public Library: Delaware Branch (485 Delaware Ave.)
- **Wednesday 6/29, 6-8 pm** Albany Public Library: Main Branch (161 Washington Ave.)
- **Thursday 6/30, 10 am to noon** College of St. Rose: Standish Conference Room in the Events and Activities Center
